UNITED PRESS INTERNATIONAL SERVICE NO. 33

Boost In Income Of Dairy Farmers Is Recommended

WASHINGTON UPI — The Agriculture Department's dairy advisory committee believes the department should be authorized to buy farm products on the open market for donation to welfare programs at home and abroad.

The committee said the new buying authority should over farm products whether or not they are considered surplus. It believes the department also should have the power to make welfare purchase at levels above government support rates for farm commodities.

The recommendations were phrased to apply to all commodities, but the committee indicated it was interested chiefly in boosting the income of dairy farmers.

A committee spokesman pointed out that the Agriculture Department is running short of stocks of surplus dairy products for overseas donations. He said government purchases in this field might help strengthen dairy farm income.

The committee said there is a high priority need for action to improve dairy income. It said many farmers were badly hurt by this summer's drought.

At the same time, the committee recommended a new system of bookkeeping for government food donations to welfare programs. It said the cost of food donations should be charged to welfare and foreign aid programs, not to the farm support programs.

The committee refuses to recommend approval of a proposed new dairy program which has been endorsed by Agricultural Secretary Orville L. Freeman. This plan would call for direct government payments to farmers who voluntarily reduce milk production.

A committee spokesman said there was some sentiment in favor of adopting the program on a stand-by basis, but most members felt the plan was not needed now because surpluses are being reduced.

Prof. Peeler's Works In Ceramics Exhibit

A DePauw University professor of ceramics and two of his former students have placed works in the twenty-third biennial Ceramic National Exhibition in Syracuse, N. Y.

The competition is considered the nation's top ceramic show and draws entries from both the United States and Canada.

A stoneware textured platter entered by Professor Richard Peeler was one of 92 entries selected from 1,500 for the national show's travelling exhibition which will tour 10 museums and galleries from coast to coast during the next 18 months.

Peeler was the only Hoosier landing an entry in the travelling portion of the exhibition.

DePauw alumni Georgetown Zirkles and Walter Yovaisch, graduates of 1960 and 1962 respectively, had three entries among an additional 349 which were accepted for exhibition in the permanent show continuing at the Everson Museum of Art in Syracuse until January 3.

Miss Zirkles, formerly of Redwood, Calif., is currently studying on a Fulbright scholarship in Japan. Yovaisch, who resides in Danville, Ill., at the time of his graduation, now lives in White Plains, N. Y.

Bill Farrell of Purdue University was the only other Indiana potter-artist gaining recognition in the permanent show.

20 Years Ago

Miss Grace Browning was hostess to the Current Literature Group of the A. A. U. W. War Bonds, with a cash value of \$3,565, were sold at a bond party held at the Elk's Club.

Putnam County was 30th among the state's 92 counties in per capita expenditure for public welfare and other forms of public assistance.

State Lawmakers End Conference

INDIANAPOLIS UPI — Members of the 1965 Indiana Legislature wound up their three-day pre-legislative conference today with a fair idea of at least some of the headaches they will face when they officially convene next month.

Today's final session featured a parade of state agency and department heads with their recommendations for new legislation and, in all likelihood, a pitch for more money.

Money occupied a large share of the spotlight Wednesday with the presentation of the budget prepared by the administration of outgoing Governor Welsh and with a plea from presidents of the four state-supported colleges and universities for restoration of funds cut from their budget requests by the State Budget Agency.

The proposed budget for the 1965-67 biennium called for an increase of \$250 million in state spending above the present biennium. Branigin said Wednesday afternoon following a conference with Welsh that he does not intend to make changes in the \$1.7 billion budget "without a lot of consideration."

He said he felt the budget prepared by the administration of his fellow-Democrat was "complex and heavy" and deserved "a lot of consideration" before any changes were made.

Branigin has said several times he expects to reduce state spending but has not specified any budget items he definitely plans to cut.

Rites Saturday For Earl Parrish

Earl (Ginnie) Parrish, 44, who resided at 409 Sycamore Street, passed away in the Putnam County Hospital at 5:50 p.m. Tuesday shortly after being admitted.

He was born in Putnam County, the son of William and Effie Gorham Parrish. He had been an employee of American Zinc Products for eighteen years. He was a member of the Church of God of this city.

He had made his home the past twenty-five years with Mr. and Mrs. Gilbert Fowler.

Survivors are five brothers, Arthur, Harry, Robert and Guy, Greencastle, and Walter, Indianapolis.

Funeral services will be held Saturday at 2:00 p.m. at the Whitaker Funeral Home in the Greencastle. Interment will be in Forest Hill Cemetery.

Friends may call at the funeral home.

U. S. Is Assailed By Red Leader

MOSCOW UPI — Kremlin leader Leonid I. Brezhnev accused the United States today of "imperialistic" air strikes against Communist North Vietnam and warned that Russia was prepared to "give aid" to the Hanoi regime.

In a stinging attack on American actions in Viet Nam, Cuba and the Congo, Brezhnev charged that "U. S. planes and ships strafed North Viet Nam."

"Let the imperialists beware of playing with fire," the Soviet Communist party leader said. "The Soviet Union cannot remain indifferent to the fate of a sister socialist country and is prepared to render the necessary assistance to her."

He spoke at a "friendship rally" in honor of visiting Czech President Antonin Novotny.

North Viet Nam charged Wednesday that 12 U. S. warplanes had strafed and bombed five North Vietnamese villages in the northern section of the demilitarized zone between South and North Viet Nam.

Author Is Dead

READING, Pa. UPI — J. Bennett Nolan, 87, prominent author, historian and attorney, died Wednesday of pneumonia aboard a ship in the harbor of St. Thomas, Virgin Islands.

No Decision

NEW YORK UPI — Central Intelligence Agency Director John A. McCone Wednesday night said no decision has been made on whether he will continue to head the agency.

There have been reports recently that he intends to return to private business. He has large interests on the West Coast.

Will Try To Change Course

PASADENA, Calif. UPI — A tricky maneuver will be attempted Friday morning to put Mariner-4 on a better course for its historic Mars fly-by photographic mission.

The maneuver — if successful — would bring the spacecraft to within 8,000-12,000 miles of the Martian surface next summer. The attempt was scheduled for 8 a. m. PST.

Without the correction, Mariner-4 would approach Mars about next July 14 at a distance of about 151,000 miles to climax a 7½-month-long, 325-million mile journey.

Two Convicted On Spy Charge

Will Open Bids

CHICAGO UPI — The Army Corps of Engineers district office here will call for bids Friday on alteration of buildings to accommodate the new Defense Information School at Fort Benjamin Harrison, Indianapolis.

Bids will be opened Dec. 31. Estimated cost of the project is \$400,000.

Composer Dies

HOLLYWOOD UPI — Sam H. Stept, 67, composer of such hits as "Don't Sit Under the Apple Tree" and "That's My Weakness Now," died Wednesday in Cedars of Lebanon Hospital.

Secy. Rusk Turns To Globe Fence-Mending

Rocket Planes Hit Stanleyville

LEOPOLDVILLE, The Congo UPI — Rocket-firing government planes are pounding the bush around Stanleyville in mopping up operations against Congolese rebels, according to reports reaching here.

Canadian Charge d'Affaires Arthur Hicks, who returned from a visit to the former rebel stronghold Wednesday, said the rebels "seem to be weakening."

"The planes are in the air all the time," he told reporters in Leopoldville. "There is firing all the time."

Congolese Premier Moise Tshombe left Paris for Leopoldville late Wednesday night following talks with President Charles de Gaulle of France. Reports said he received only vague promises of French technical aid.

Air-Sea Search For Four Ships

HALIFAX, N. S. UPI — Air-sea search and rescue operations resume today for four vessels threatened with foundering in mountainous waves in the gale-whipped Atlantic Ocean.

Rescue officials expressed little hope for two fishermen missing off southwestern Nova Scotia's 38-foot lobster boat. It was doubtful they could survive the extreme cold of the gale even if their boat was still afloat.

Also in trouble were two ships aground on Prince Edward Island and a West German freighter listing badly in the Bay of Fundy.

Sub Commissioned

WASHINGTON UPI — President Johnson participated by telephone Wednesday in the commissioning of the Navy's 28th Polaris missile submarine, named for his old friend and political mentor, the late Sam Rayburn.

Johnson noted that Polaris submarines are named for patriots who have rendered distinguished service to the cause of freedom. "Nothing could be more appropriate than to honor in this fashion Sam Rayburn," he said.

Boost Enrollments

WASHINGTON UPI — The U. S. Office of Education says that the children of the post-World War II baby boom are beginning to boost college and university enrollments across the nation.

Figures made public Wednesday showed that new enrollments jumped 17 per cent this fall, the largest increase in the past 12 years. The number of students enrolled also soared to 5,320,400, topping the 5,000,000 mark for the first time.

NEWARK, N.J. UPI — An American engineer and a Russian national were found guilty late Wednesday night of spying for the Soviet Union.

The two men — electronics engineer John Butenko, 39, of Orange, N. J., and Igor Ivanov, 34, an employee of the Soviet trade agency Amtorg — face a possible death penalty.

They were convicted of passing top secret plans for the Strategic Air Command's SAC world-wide alert system to Russian agents.

U. S. District Court Judge Anthony T. Augelli, who presided in the case and who will determine their fate, did not immediately set a date for sentencing.

NEW YORK UPI — Secretary of State Dean Rusk, disengaging himself from the U.N. financial crisis, today turned to international fence-mending on a broad front.

He was holding individual meetings with seven foreign ministers here for the opening days of the annual U.N. assembly and also planned to see Deputy Premier Phoumi Nosavan of Laos.

The secretary was free to continue talks with other ministers after he and Andrei Gromyko of Russia agreed to toss the explosive issue of overdue Soviet debts and disputed voting rights into the lap of Secretary General U Thant and an ambassadorial commission.

Foreign ministers were calling on Rusk at the 12-story U.S. delegation headquarters across the street from the United Nations almost every hour on the hour from 9 a.m. until 6 p.m.

Included were those from Nationalist China, Nigeria, Romania, Brazil, Dahomey and Greece.

Japanese Foreign Minister Etsuburo Shiina was getting special treatment—a two-hour lunch with Rusk at the Waldorf.

Rusk was said to hope that his success in getting the Soviet debt and vote problem talks transferred to Thant, the ambassadors of Russia, the United States, Britain and France, and heads of Latin American and Afro-Asian groups would accomplish two things:

—Highlight it as a critical issue to be dealt with on a broad basis instead of strictly as another Soviet-American clash.

—Free him and Gromyko, in any subsequent talks they may have, for discussions of disarmament, trade and other issues which have barely been touched upon in two meetings so far.

U. Of C. Students Stage Mass Sit-In Defiance Of Orders By Authorities

Weather Is Winter Pattern Over Nation

By United Press International

A patchwork pattern of wintry weather made for dangerous driving today from Illinois to New York and from Kansas to New Mexico. Sub-zero temperatures gripped the Northern Plains again. Tornadoes were sighted in the South.

At least four persons died in Michigan Wednesday because of slippery roads. Fatal accidents in Missouri, Iowa and Illinois also were charged off to slick conditions.

At one time Wednesday, snow was falling in an almost continuous band from Montana to Pennsylvania. Up to six inches fell in northern Illinois, and motorists crawled on Chicago's expressways.

The temperature was 15 below at Hibbing, Minn., early today after lows of 20 below at International Falls, Minn., and 5 below at Bismarck, N. D. Wednesday. Bismarck's high Wednesday was zero.

The Midwest was slugged with the first of three pre-winter storms this week. The East and Northeast got the second dose later, with harsh winds that churned seas and caused distress among several ships.

A third storm center took shape in the southwestern United States during the night. The weather bureau issued hazardous driving warnings for Texas, New Mexico, Colorado, Kansas and Oklahoma.

New Outbreak At Girls School

INDIANAPOLIS UPI — Screaming inmates smashed 12 windows and broke down doors in a semi-honor cottage at the Indiana Girls School Wednesday night and three of them escaped.

The latest disturbance at the institution where a riot in September precipitated a two-pronged investigation was blamed on refusal of officials to permit a group of girls to talk to members of the State Parole Board.

The board met at the school Tuesday and Wednesday. Authorities said it required about two hours to bring the disturbance under control. Police were not called.

Two of the three girls who escaped were recaptured shortly afterward. The third, Janice Hamilton, 18, Gary, remained at large this morning.

Donald Phillip, assistant commissioner of the State Correction Department, said several girls suffered minor cuts in the outbreak. He said nine girls were singled out as ringleaders and were placed in a detention center.

Austin Man Is Traffic Fatality

By United Press International
The death of an Austin man Wednesday in a two-car collision raised Indiana's 1964 highway death toll to at least 1,267 compared with 1,205 on this date last year.

Larry Elamm, 23, Austin, was killed when he made a left turn into the path of another vehicle on Indiana 256 seven miles east of Austin. The driver of the other car, Donald Dugan, 29, R.R. 2, Warsaw, suffered minor injuries in the crash.

Top-Level Talks

WASHINGTON UPI — Labor Secretary W. Willard Wirtz has begun top-level talks with Michael Fox, president of the AFL-CIO's railway department, in an effort to solve a wage dispute threatening a nation-wide strike.

BERKELEY, Calif. UPI — A force of 410 helmeted police officers cracked down early today on some 900 students staging a sit-in at the University of California administration building in mass defiance of campus authorities.

Alameda County sheriff's deputies, supported by California Highway Patrol officers plus Berkeley and campus police, began carrying demonstrators out of Sproul Hall at 3:45 a. m. PST 6:45 a. m. EST.

BERKELEY, Calif. UPI — About 900 students occupied the University of California administration building today in mass defiance of campus authorities.

The students began the sit-in Wednesday and spent the night in the hallways of Sproul Hall. Some slept on the floor, others talked in small groups or sang to soft guitar and banjo music. One group of co-eds was playing jacks on the floor.

Campus police locked the building's doors at 7 p. m. Wednesday after the demonstrators ignored a direct order to "get out."

There was no indication what measures the university administration would take against the sit-ins. University President Clark Kerr said recently the demands of the so-called "free speech movement" leaders were incompatible with orderly operation of the university.

Gov. Edmund G. Brown said in Los Angeles Wednesday that he had called upon Alameda County law enforcement officers to arrest students "who may be in violation of the law." He also directed the California Highway Patrol to "lend all necessary assistance."

However, the governor said his orders were to be carried out "peacefully and quietly and as a demonstration that the rule of law must be honored in California."

The sit-in began shortly after noon Wednesday, following a rally in the main plaza facing Sproul Hall. Mario Savio, 21, leader of the rebel students and a philosophy major, denounced Kerr as a "factory manager" and called on sympathizers to "lay our bodies on the line."

(Continued on Page 2)

Dodge Dies Of Heart Seizure

DETROIT UPI — Joseph M. Dodge, Detroit banker who served in government posts under four presidents and was budget director under President Eisenhower, died Wednesday.

Dodge, who was 74, had been in ill health for several months. Immediate cause of death was attributed to a heart attack.

Born in Detroit, Dodge was honorary chairman of the Detroit Bank and Trust Co. at the time of his death. He had spent nearly all his career in banking.

Warm Welcome Accorded Pope

BOMBAY, India UPI — Thousands of Indians shouted with disappointment today when Pope Paul VI's busy schedule forced him to cancel a public appearance.

The incident was another demonstration of the enthusiasm this city's millions have shown for the pontiff whom they call Burra Guru, Great Holy Man.

The Pope's arrival here Wednesday to attend the International Eucharistic Congress was greeted with thunderous applause by 2.5 million Indians of all faiths. At times, the reception bordered on pandemonium.

Now You Know

By United Press International
The center of population of continental United States has moved consistently westward since the foundation of the republic and almost exactly along the 39th parallel, according to the Department of Commerce.

Johnson To Get Honorary Degree

WASHINGTON UPI — President Johnson goes to the nation's oldest Roman Catholic university today to receive an honorary degree and join in a memorial tribute to his predecessor, John F. Kennedy.

Johnson was scheduled to speak and receive a doctor of laws degree from Georgetown University at a special convocation marking the school's 75th anniversary.

Ceremonies were scheduled for about 10:30 a.m. EST.

The university also decided to take the unusual step of conferring an honorary degree posthumously on the assassinated President.

Kennedy had agreed before his death to appear at installation ceremonies for Georgetown's new president.

Johnson, who attended classes at the university's law school in 1935 but did not complete work for a degree, accepted an invitation to substitute for his predecessor.

It was the second consecutive day that the Chief Executive was taking part in Kennedy-related ceremonies.

He broke ground Wednesday for the \$31 million John F. Kennedy Center for the Performing Arts, dedicating it to the man he said "never swerved from duty."

Kennedy, the first Catholic

Upholds Dismissal

WASHINGTON UPI — The National Labor Relations Board today upheld a trial examiner's dismissal of unfair labor practice charges against Plumbers Union Local 307. The charges were filed by Zimmerman Plumbing and Heating, Highland, Ind.

Sheinwold On Bridge

Use Worthless Lumper
To Ruff Out A Loser

By Alfred Sheinwold
National Men's Team Champion
In some hand you may either ruff your losers in dummy or set up dummy's long suit to discard your losers. The choice depends on the entire hand, but remember one point if you decide to ruff losers in the dummy, make sure you ruff with an otherwise worthless trump.

South planned to try the heart finesse and took the most direct route to his hand by winning the first trick with the queen of spades. Now it was no longer safe to ruff a heart in dummy since dummy's only trumps were the ace and king, both needed for drawing trumps.

Not seeing his danger, South tried the heart finesse, losing to the king. Back came a heart to dummy's ace.

When South eventually ruffed a heart in dummy he had to use the king of trumps for the purpose. This set up East's jack of trumps, and now South was sure to lose one trick in each suit.

BEGINNER'S MISTAKE
It was a beginner's mistake. South should preserve dummy's low trump for the heart ruff. Declarer wins the first trick in dummy with the king of trumps and gets to his hand with a high diamond for the heart finesse.

If East returns a trump, declarer must again win in dummy. He clears the ace of hearts out of the way and gets to his hand with a high diamond to lead his last heart. When he ruffs this with dummy's deuce of trumps, the hand is made. It is easy for South to get back with the ace of clubs to draw the last trump with the queen. Ten tricks are assured.

Actually, most experts would play for dummy. It is easy to set up the clubs in spite of the bad break in the suit. But this is another story. The important thing is to handle the trumps correctly if you do decide to ruff a heart in dummy.

DAILY QUESTION

As dealer, you hold: Spade Q 7 6 4 3, Heart 8 5 4, Diamond A K 6, Club A 5. What do you say?
Answer: Bid one spade. You have 13 points in high cards and 1 point for the doubleton, and the total is enough for a mandatory opening bid.

Bible Thought

Therefore, as ye abound in everything . . . see that ye abound in this grace also. 2 Corinthians 8:7.

One may rightfully aspire to the highest level of faith, speech, knowledge, and diligence. It is equally worthy to aspire to and struggle for a spirit of giving on the level of real sacrifice and real joy.

Personal And Local News

Twin daughters were born Tuesday at the Putnam County Hospital to Mr. and Mrs. Donald Pease, 920 Tennessee Street.

Mr. and Mrs. August Brown, 509 Ohio Street, are the parents of a daughter born Tuesday at the Putnam County Hospital.

Mr. and Mrs. Donovan Horton, of Russellville, became the parents of a son Wednesday morning at the Putnam County Hospital.

Girl Scout Neighborhood Association will meet on December 7th at 7:30 o'clock in Gobin Charterhouse. Each troop should send a representative.

The women of Coon Hunters will meet at the home of Mrs. Dorothy Sutherland, Friday, December 4th at 7:30 p. m. Please bring your Christmas gift exchange.

The Women's Association of the Presbyterian Church will meet tonight at 8 p. m. in the church parlors. Mrs. Howard Youse will have the program on the subject "Christmas Crusade Around the World."

Christmas gifts for patients in mental hospitals and schools will be assembled and sent to their destination immediately after Friday, the 4th of December. Coan Pharmacy collection box is still open.

Officers and members of Job's Daughters, Bethel 78, will attend the 9 o'clock service together at Gobin Methodist Church on Sunday, December. All officers are reminded of rehearsal on Friday afternoon at 4:15 at the church.

Don L. Marketto, supervisor of music in the Greencastle Public Schools, will participate in the National Conference on the Uses of Educational Media in the Teaching of Music, to be held in Washington, D. C., December 7-11.

The Kappa Alpha Theta Alumnae Chapter will entertain the pledges of the active chapter at its annual Freshman Tea Friday, December 4th, with Mrs. James Bittle at the Beta house. Preceding the tea the alumnae group will hold a short business session at 3 p. m.

Card Of Thanks

Corns — We are deeply grateful for the many lovely floral tributes, expressions of sympathy and deeds of kindness by our friends and neighbors at the time of the death of our dear wife and mother, Mrs. Ethel Corns.

Especially do we thank Dr. Ernst, the pallbearers, singers, the minister, Rev. Gilbert McCammack, the ladies of the Cataract Baptist Church, and all others who furnished the food, and the Whitaker Funeral Home for kind services rendered.

W. A. Corns and family

IN MEMORY

In loving memory of Alice Alexander who passed away 5 years ago, Dec. 3, 1959.

We miss you Mom and think of you

A thousand times a day, and memories of you wander through,

The things we do and say, you were so good, so kind and true.

You made each day worthwhile When troubles came and wordly cares,

You eased it with your smile. No more on earth will we see that smile

Or know your tender touch. You gave us happiness and we miss you oh so very much.

The Alexander family.

--Students

the gears and bring this machine to a halt."

Sit-in leaders attempted to maintain control of the group in Sprout Hall. Students wearing armbands patrolled the halls, keeping a walking space open. They attempted to set up study areas and even announced that classes would be conducted by some sympathizing instructors.

Before police closed the doors Wednesday night, students carted in armloads of bread and peanut butter, milk, and blankets.

Appoints Lauck

INDIANAPOLIS UPI — Sen. Marie T. Lauck, D-Indianapolis, was appointed as Senate Patronage Committee chairman today by Lt. Gov. elect Robert L. Rock.

It was Rock's first appointment of a committee chairman to serve in the Senate during the 1965 Legislature. The appointee is a former member of the House.

WGRE News

On Senate Speaks, Friday evening at 7:15 p. m. Marty Farrell will be talking with Ann Hussong, DePauw Student senator and regional Educational Affairs chairman.

Ann will discuss the goals and detailed programs to be presented this weekend at the Ohio-Indiana Region of the United States National Student Association Conference on Student Right and Responsibilities and Academic Freedom.

WGRE broadcasts on the 91.5 spot on the FM dial.

2 Girls Admit Telephone Calls

VALPARAISO UPI — Two 10-year-old girls have admitted making phone calls responsible for delivery of flowers and groceries and calls by a taxicab and television repair man to the home of Miss Marjorie Cole.

Police Chief Dale Gott reported Wednesday that the girls were traced through the use of a tape recording made of a call to an answering service. Miss Cole received groceries and flowers she did not order. A cab and an appliance repair man also showed up mysteriously. A furniture store got an order for a white or red couch. And a beauty parlor operator said a child made an appointment for Miss Cole to have her hair done.

Mrs. Nancy Ferguson, who operates an answering service, recorded one of the phone calls and gave the tape to police. They took the tape to elementary schools and played it for teachers. None of the teachers recognized the voices. However, Gott said, when the tape was played at one school two young girls became frightened and confessed to their teacher they had ordered the

merchandise and services and also made several calls to Miss Cole's home "because we didn't like her."

Many Civilians Will Lose Jobs

WASHINGTON UPI—About 28,500 Defense Department civilians will lose their jobs because of the Pentagon's order closing 95 military bases.

The largest job reduction, however, in the big economy move will be borne by the military which will lose 34,900 positions.

The elimination or reduction in the number of domestic and foreign bases and jobs is expected to save \$477 million a year, the Defense Department said Wednesday in making public figures on the number of jobs being eliminated.

The announcement also revealed that a halt on the hiring of blue collar workers and restrictions on employment of white collar positions have been in effect in the Defense Department since Nov. 20, the day after the base closing move was announced.

Civilians losing jobs and willing to move are to be offered new employment.

Award Winners

CHICAGO UPI — Two more Indiana youths were announced today as national award winners at the 43rd National 4-H Club Congress here.

Donna Stephens, 18, R. R. 2, Boonville, was given a \$500 scholarship by the Kerr Glass Manufacturing Corp. in food preservation, and Larry Melloncamp, 19, R. R. 1, Crothersville, a similar scholarship by the Moorman Mfg. Co., in a swine program competition.

Jury To Get Murder Trial

SHELBYVILLE UPI — The murder trial of former Columbus basketball star Jerry Butler was expected to go to a jury of eight men and four

women today in Shelby Circuit Court.

Butler, 25, was charged with the fatal shooting last April 15 of Frank Tyler, 36, a Decatur County farmhand.

The defense rested its case Wednesday and final arguments were scheduled this morning before Judge Harold Barger.

Testifying in his own defense Wednesday, Butler claimed the shooting was an accident and denied he had admitted shooting Tyler deliberately. Three state witnesses, including the victim's wife, testified Butler had made such an admission to them.

Home Robbed By Two Men

SHELBYVILLE UPI — Two masked men, who apparently knew exactly where to look, robbed a pool room operator's home of \$2,500 in cash and a valuable collection of gold coins here Wednesday night.

Police theorized that the bandits, who used women's stockings for masks, knew where Edward Griffy kept the money.

Mrs. Griffy said the men forced their way into the house when she answered a knock at the door. She said they used adhesive tape to bind her, her son, James, 10, and the housekeeper, Virginia Adams.

She said the bandits, who called the boy by name, spent only about 15 minutes in the house. She said sounds they made indicated a third man may have joined them. She said the bandits went directly to the spot where husband, who was at his poolroom at the time, kept the cash and his coin collection.

After the bandits left, the housekeeper freed herself and the others.

There was no immediate report on the value of the coins.

President Has Skin Surgery

WASHINGTON UPI — President Johnson today underwent surgery to have a thickening of the skin removed from the back of his right hand. It was described by the White House as a small hyperkeratosis.

Press Secretary George E. Reedy said the operation was performed in the White House with local anesthetic. He said it would not interfere with the President's duties in the slightest.

This included a speech this morning at Georgetown University here.

Reedy said he was informed by medical advisers that the thickening of the skin was caused by overexposure to the sun. He said there was no malignancy.

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer

NIGHT PHOTOS of New York's brilliantly-lit brand-new Verrazano-Narrows Bridge, indicate that the giant span is one of the Big Town's most sparkling achievements of recent times.

It was King Louis XIV of France who set the style of high heels for men—historical note. Gosh, and all along we thought it was some Old West cowboy!

Four glasses of beer a day help prevent tooth cavities, a British dental survey shows. Very filling?

other peoples in the per capita consumption of tea. Fine! Now, what else ISN'T new?

An average of 880 pounds of waste paper is carted from Britain's House of Commons every day, we read. Wonder how much of that is red tape?

The British Bookies' Association urges members to go on a diet to "improve their image" with the public. A string of pay-outs should do the trick.

Holiday Tradition: Give Music

If you can believe tradition, it's a 99 per cent cinch that music will play a part in your holiday plans. Gifts of music have always been at the top of the holiday list.

Manufacturers have outdone themselves this year, following the trend to portability and miniaturization, while maintaining large-size quality.

This "gift of phonographic magic" has been packaged especially for the holiday season by Mercury. Weighing only 4 1/2 lbs., it is fully transistorized and portable. Powered by regular flashlight batteries, the phonograph has a diamond-tipped needle guaranteed for ten years that provides excellent hi fidelity reproduction of all speed records. It plays both monaural and stereo recordings.

A slightly larger version of this phonograph, including a tone control and weighing 8 lbs., is also available.

Win A Vote Of Confidence

BIRMINGHAM, Ala. UPI — Birmingham's mayor - council government won a solid vote of confidence at the polls Tuesday. Local voters rejected a bid to return to the commission - form of government that existed up until two years ago.

With all but two of the 116 voting boxes accounted for, the returns showed 28,011 votes for mayor-council and 15,147 for the commission. It was nearly a two-to-one majority for Mayor Albert Boutwell and his nine member council.

Two years ago Birmingham voters decided by about 2,000 votes to change the government from a three-member city commission to mayor-council.

The Mediterranean "trend" has come to stay! And this romantic cocktail table underlines the Spanish appeal. Here is the new concept of the old Spanish art of wood and iron. It is heavy and massive and yet has the delicate finesse of scrolled handiwork. Also available with carved wooden base. Novelty Furniture Co.

The Daily Banner, Greencastle, Indiana
Thursday, December 3, 1964

Meanwhile commission supporters gathered 20,000 names to petition for another vote on the subject.

Mrs. E. C. Toner Died Wednesday

ANDERSON UPI — Mrs. E. C. Toner, publisher of the Anderson Herald and vice president of the firm which publishes that paper and the Anderson Bulletin, died yesterday in her home.

Mrs. Toner joined the Herald staff at the turn of the century as society editor and later married Edward C. Toner, publisher of the Herald. He died in 1927.

She then took over management of the Herald Publishing Co. and was made vice president of Anderson Newspapers, Inc., when that firm was created in the merger of the Herald and the Daily Bulletin Printing Co. in 1950.

Mrs. Toner was president of the Woman's Press Club of Indiana in 1931 and 1932. She was active in Republican party politics on a local, state and national level for more than half a century.

She served as delegate to several state and national GOP conventions, was hostess for a Governors' Conference at French Lick when Harry G. Leslie was governor of Indiana in 1930.

PUBLIC SERVICE INDIANA

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

A Doctor's Views As A Patient

A PHYSICIAN was admitted to a hospital as a patient for an abdominal operation. For the first time in a long career in medicine, he found himself in the exact situation as the hundreds of his patients he had treated in the same hospital.

Dr. Coleman records for completion the answers to endless questions, some as bizarre and seemingly unrelated as "What is the maiden name of your wife's mother?"

His annoyance mounted when he could not, for the moment, recall this information or the address of his insurance carrier.

Tense And Nervous

He realized that patients, tense and nervous at the time of admission to the hospital, should be immediately sent to their rooms, while some member of their family takes over the responsibility of answering these important questions.

The first few days of routine examinations, blood tests and X-rays were uneventful. The operation was successful, and the next few days were spent with the expected discomfort after surgery.

All operations leave a patient devitalized and tired. The anesthesia, the surgery, the emotional stress, all leave their mark in postoperative weakness. The doctor was no exception.

Many Well-Wishers

On the third day, just as he was accumulating some of his spent energy, he was bombarded by his well-wishing, solicitous friends, colleagues and patients. Out of this emerged a series of personal observations that

make an interesting social study of "being a patient."

Observation No. 1: The adequate, but small, hospital room was suddenly turned into a flower shop. Beautiful, elaborate oxygen-consuming floral arrangements in pots, baskets and vases, encircled the bed and hung precariously on radiators, night tables and window sills.

Stacks of books, all best-sellers in triplicate, were neatly piled in all four corners of the room.

Droves Of Visitors

Observation No. 2: Kindly visitors came in droves while he was being bathed, having his bed changed or making his ablutions. Mealtime was always a good time for casual drop-ins.

Observation No. 3: Unable to defend himself, germ-laden kisses were deposited on his cheeks and lips. Visitors then lined up on both sides of the bed, making it necessary to divide his attention by exercising his head like a swinging pendulum.

Certainly, each visitor was entitled to a recital of the operation, especially after the classic remark, "I thought doctors aren't supposed to get sick!"

A "Patient" Host

Observation No. 4: The convalescent patient was of necessity transformed into the party host, offering candy, cookies and listening to endless jokes and stories which only consumed more of his energy.

Relief came only after the fourth plea of the nurse that "visiting hours are over," and the last parting guest urged the patient to, "Get some rest now, hear?"

These columns are designed to relieve your fears about health through a better understanding of your mind and body. All the hopeful new advances in medicine reported here are known to doctors everywhere. Your individual medical problems should be handled by your own doctor. He knows you best.

(© 1964, King Features Syndicate, Inc.)

does it matter where you buy your diamond?

It certainly does. A purchase as important as a diamond should not be made on the basis of price or "cut-rate" inducement, but on the firm foundation of quality and value received. At this store we proudly display the emblem of Registered Jeweler, American Gem Society — your assurance that we know and guarantee the quality and value of every diamond we offer for sale.

Transfer Funds For Youth Corps

INDIANAPOLIS UPI—State Auditor Mark L. France participated in his first Indiana Board of Finance meeting Wednesday on a routine transfer of \$196,600 to help finance the Indiana Youth Training Corps at Camp Atterbury.

The board by law consists of the governor, auditor and treasurer. Governor Welsh presided, as usual, and Deputy Treasurer William Owen represented outgoing State Treasurer Robert Hughes.

The \$196,600 brings to \$283 million the amount of federal manpower funds which has been allocated so far to the pilot project in vocational training for out-of-work, out-of-school youths. The money is designated by the federal government to the superintendent of public instruction, and was transferred in accordance with a previous agreement to the Youth Training Corps.

Seven Indiana state departments and agencies are cooperating in operation of the training center.

New Polio Case

INDIANAPOLIS UPI—The Indiana State Board of Health added a polio case to the state's 1964 total last week, raising the year's incidence to nine compared with four this time last year.

The latest case was in Hen-

ry County, and the onset date was Sept. 19.

There was a sharp increase in the number of German measles cases reported during the week, to 31 from 7 the last preceding week.

Strategy Session Set For Dec. 16

WASHINGTON UPI—House Republican Leader Charles A. Halleck has bowed to pressure from a group of "young turk" GOP congressmen for a mid-December strategy conference—but he's not yet off the hook.

One of the "young turks" said today that if Halleck resists party reforms to be proposed at the Dec. 16 group caucus an attempt may be made to oust him from the leadership post he has held since 1959.

Rep. Gerald R. Ford, Mich., chairman of the House Republican Conference, called the meeting Wednesday. He said he got a letter after a "substantial number" of GOP members asked him to.

At the session, which normally would be held in January just before Congress convenes, Republicans unhappy with the present leadership and direction of their party will be asked to set a new course for the GOP. Part of their job will be to try to develop Republican programs as alternatives to Democratic policies which they oppose.

Thant Prepares For New Talks

UNITED NATIONS, N. Y. UPI—Secretary General Thant today prepared a new round of negotiations on the political and financial crisis involving Russia's right to vote in the General Assembly.

His hand was strengthened by a Soviet agreement to discuss all aspects of the explosive issue, which has hamstrung progress at the current assembly session.

While diplomats looked to Thant for a new initiative in the problem, another East-West crisis came to the fore with a suggestion by Foreign Minister Thanat Khoman for a joint international undertaking—with the blessings of the United Nations if possible—to save South Viet Nam from communism.

Goldwater Plans Leading Role

WASHINGTON UPI—Sen. Barry M. Goldwater apparently intends to play a far more prominent role than many Republicans expected in shaping the future course of the GOP.

The defeated Republican presidential candidate said Wednesday he would confer next Wednesday in New York City with former President Dwight D. Eisenhower and former Vice President Richard M. Nixon.

Looking tanned and rested after a Caribbean vacation, the Arizona senator held forth on a wide variety of political topics in an interview at his Capitol Hill office. His comments belied the reports of other Republicans who had expected him to fade into the background after his disastrous defeat Nov. 3.

Republican governors gather in Denver this weekend for a conference at which, among other things, they will discuss the future of the GOP in the aftermath of that defeat.

Ristine Apologizes

INDIANAPOLIS UPI—Lt. Gov. Richard O. Ristine described the color of the walls of his Statehouse office today as "an insipid blue" and apologized to his Democratic successor, Robert L. Rock of Anderson.

"I want to apologize for my office. Someone had it painted an insipid blue," Ristine told Rock on the platform at a pre-legislative conference. "I'll be glad to furnish the paint if you want to have it redone. It's terrible."

Two Nations Want Control Of Springs

By United Press International
Just north of the Sea of Galilee, springs bubble up to form the headwaters of the River Dan which in turn supplies more than half the volume of the Jordan River. The Jordan then dumps into the Sea of Galilee.

It is less than coincidence then that twice in less than three weeks Israeli and Syrian forces have clashed near these springs which are vital to Israel's ambitious plans to bring fresh water to the arid Negev and open up new areas for her expanding population.

Ostensibly the clashes in-

involved a patrol road along a poorly defined stretch of Israeli-Syrian border. Israel claims the road is wholly within its territory. The Syrians charge it cuts as deep as 50 yards into Syrian territory.

In the first clash, on Nov. 13, four Israeli and seven Syrians were killed.

The Syrians charged that the Israelis deliberately provoked the attack to test the effectiveness of the new United Arab Command, a joint military program adopted by the Arab nations last January, and then used it as a further excuse for

"aerial aggression."

The Israelis replied that they would never permit the Syrians to use their advantage of higher ground to shell Israeli villages with impunity.

The second clash came on Dec. 1 in the same area but halted without intervention by the United Nations truce organization and apparently without casualties on either side.

If it simply were a border clash, the easy solution would be the proposal put forward by Lt. Gen. Odd Bull, U. N. truce commander, that the disputed area be surveyed by outside experts whose findings would not be open to partisan challenge. It is not, however, that simple.

The avowed purpose of the United Arab Command established in January is first the prevention of Israel's use of

Galilee waters and second the extinction of Israel itself.

The Arabs have been threatening to cut off the headwaters of the Jordan and plans already are in the works to divert two of Jordan's three sources. One of these, the Hasbani, rises in Lebanon and the other, the Banias, in Syria.

The third and most important is the Dan to whose headwaters the Israelis wish to establish a 1923 agreement which placed them inside Palestine.

SIGN SUIT

CLAYTON, Mo. UPI—Last June John J. Cullen offered his own front yard as the location for neighboring Marvin Koslow swung the hammer and hit Cullen's hand.

Wednesday, Cullen sued Koslow for \$25,000.

Jets Establish Endurance Mark

TAMPA, Fla. UPI — Four F4C Phantom jets landed at MacDill Air Force Base Wednesday night after a 10,000 mile non-stop flight which the Air Force claimed was an endurance record for jet fighters.

Leading the flight was Capt. Arnold F. Weber, 33. The pilots were met by Lt. Gen. Bruce K. Holloway, deputy commander of the strike command.

The flight began at MacDill at 11 p.m. Tuesday and when the planes landed Wednesday, the pilots had been in the air 18 hours.

The planes are assigned to the 12th Tactical Fighter Wing at MacDill. It was the first air force unit to be supplied with the twin-engine, all-weather fighters.

Court Upholds Wabash Judge

INDIANAPOLIS UPI—The Indiana Appellate Court Wednesday upheld a Wabash Cir-

cuit Court judge who entered judgment for a railroad in a fatal accident after the jury had found for the widow and sought to award her \$9,000.

The ruling upholding Judge John W. Beauchamp in his finding for the Chesapeake & Ohio Railroad, was divided with Judge Thomas J. Faulconer dissenting. Faulconer wrote in his dissent that the reasons given by the majority for not deciding the case on its merits "are too vague and too general."

The jury, after awarding damages to Mrs. Addie Burk, whose husband Aaron was killed in a 1956 accident at Kewanee, had answered a question about a photograph of the crossing scene and this led the judge to find for the railroad.

Clean Thief

LONDON UPI — A 46-year-old clerk was fined \$14 because she couldn't keep clean honestly.

Miss Fredith Stovell said she was spending \$4 a week on cleaning materials since a childhood incident left her with an uncontrollable urge to keep herself clean. She taxed her resources and led her to steal.

Partisan Clash In Baker Probe

WASHINGTON UPI—Senate hearings in the Bobby Baker case resumed today with an angry partisan clash when the Democratic counsel accused

GOP Sen. John Williams of telling "an unalterable untruth."

Sen. Carl T. Curtis, R-Neb., heatedly complained the remarks by counsel Lennox P. McLendon were an "impertinence" such as "I've never witnessed before in my years in Congress."

But Democratic Sen. Clai-

borne Bell, R. I., defended McLendon against Curtis. "The man has a right to speak," Bell said. Then he added, "because Williams is a senator, he's not a god."

The flap came as the committee resumed its investigation into charges that former Senate aide Baker acted as middleman in a scheme to funnel \$25,000 from a government stadium contract into the 1960 Democratic campaign and to various individuals.

days, paid vacations longer than the 13 weeks now available every five years for older employees, improved medical care and insurance protection and strengthening of job scheduling provisions.

Sources said the union did not spell out the increased wages it would seek but noted that steelworkers have yet to fully obtain a fair share "of a prosperity unparalleled" among steel producers.

The Daily Banner, Greencastle, Indiana
Thursday, December 3, 1964

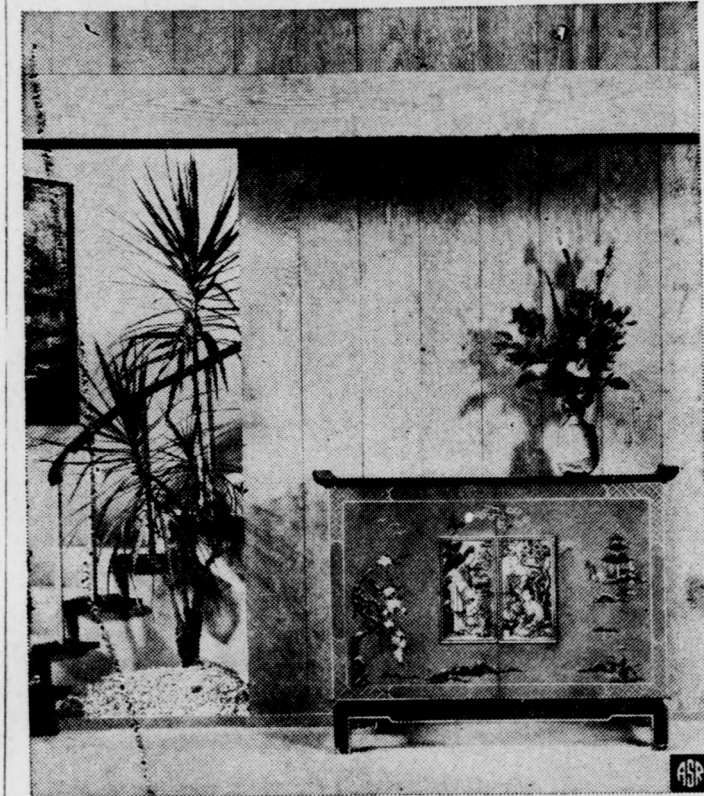

USW President, David J. McDonald said he was hopeful of negotiating a new labor agreement peacefully. The 1.2 million members of the union have foregone a general pay hike the last three years in favor of other benefits.

DESSERT SUPREME

Serve individual wedges of

blue cheese, softened to room temperature, with fresh or candied fruit, wafers and nut meats for dessert. Pears, apples and peaches go well with blue cheese. On a lazy Susan or large platter, arrange the cheese wedges in the center and surround with quartered sections of fruit, nuts and assorted crackers.

Color TV: Gift for the Entire Family

A recent survey shows that this year, and particularly during the Christmas gift buying season, the color television set rates number one as the home entertainment item that is most desired. It also tops the list of the most "looked-at" new products on the home scene.

For that reason, many homemakers are using color TV as the focal point of the room arrangement and calling attention to it with decorative accessories or even architectural features in the room itself.

In the arrangement above, Zenith locates its Orientale full door console receiver in front of a wall panel of light wood. The gold carpeting and red and gold abstract painting on the stairway wall are keyed to the red doors and their hand striped gold trim. The TV is further emphasized by a tall flower arrangement. In this way, the home color TV receiver is both fashionable and functional as a prime source of home entertainment.

Ponder Costly Wage Demands

PITTSBURGH UPI — A key committee of the United Steelworkers union (USW) today began considering contract demands that some sources believe may be the most costly ever made on the nation's basic steel producers.

The USW's Wage Policy Committee, began studying at 10:10 a. m. EST recommendations made by the union's Executive Board. The policy group is the final authority on all contract matters and is expected to approve without reservation the board's contract recommendations, submitted Wednesday.

A source close to the union said the wage package may surpass the settlement won after the record 1959 strike, which lasted 119 days. That package totaled 40 cents an hour.

The demands, when ratified by the Wage Policy Committee, will be handed to the nation's "Big 11" producers in formal negotiations set tentatively for Dec. 15.

Other recommendations made by the Executive Board were reported to include an increase in the present, seven paid holi-

CENTENNIAL SCRAPBOOK

The War for the Union 1861-65 in Pictures

No. 479 Responsive to public sentiment stirred by Mrs. Sarah Josepha Hale in Godey's Lady's Book, Abraham Lincoln had revived in 1863 the Presidential proclamation of a national Thanksgiving Day. The precedent set by Washington in 1789 had been neglected by successors, and observance had remained regional in New England and enclaves of settlers from New England in the Midwest, New York and Virginia.

In 1864 Lincoln again designated a special date for expression in churches and homes of gratitude to the Almighty for the victories in the field and on the waters granted the Union forces, and enjoyment of a bountiful harvest. Thereafter, Thanksgiving was to be

a fixture on the fourth Thursday in November, except one year in the Andrew Johnson administration, when the presidential office was not reminded to issue a proclamation until too late for the day to be observed before December.

References to whether the Lincolns themselves sat down to turkey, cranberries, pumpkin pie on Thursday, Nov. 24, 1864, are lacking. So are accounts of any duplications in soldier camps of the Pilgrims' traditional feast. There is one mention suggesting a satisfying festivity, "Shouldering our Thanksgiving-bird, we reached camp, and were congratulated heartily by our companions." That could have been a wild turkey, brought down by a soldier with an unerring eye.

There was good reason for lack of mention of feasting by others. The commissary department had not made any special provisions for the occasion.

Many men marching with Sherman from Atlanta to the sea were not faring well from the general's plan of having them "live off the country." Numbers were reduced to rice or corn and coffee. CLARK KINNAIRD

RUSSIAN LEADERSHIP CHANGE REASSESSED

ADDS UP TO A PLUS AND MINUS FOR WEST

By HENRY CATHCART

Central Press Washington Writer

WASHINGTON—Some foreign affairs experts in Washington are revising their thoughts on the change of top leadership in Russia. Curiously, a part of the revision adds up to a plus for the West and another part is a minus.

On the plus side, these observers are somewhat surprised at the lack of Russian citizen reaction to the deposing of Nikita Khrushchev. It was thought initially that Mr. K's activities and antics while a leader in the Kremlin had provided so refreshing a change from the tyranny of Josef Stalin that the Russian people had formed a sincere affection for him.

Had this proved to be the case, there was concern that the new regime, in its efforts to win support of the masses, might embark on some adventure that would not be in the best interests of the West. Usually, such adventures take the form of baiting capitalist countries—particularly the United States.

On-the-scene observers report back to Washington, however, that the Soviet people have shown no emotional involvement in the change and appear far less concerned with it than some of the Communist leadership in European satellite countries.

On the minus side, the apparent lessening of strain between Russia and Red China is causing concern in Washington. The break between the two countries that began under Khrushchev and was pushed vigorously by him now appears to be moving toward a cooling-off period. If the two Red giants should make progress in healing their differences, it probably would spell increasing difficulties for the West over a period of time.

● GOT YOUR PAY RAISE?—Have you gotten a pay raise recently? If you haven't you're dropping further behind in the economic competition.

The Bureau of Labor Statistics reports that pay rates in private industry rose two to five per cent in the 12 months ending last March for most of the professional, administrative, technical and clerical work levels. This survey covered more than a million employees in 75 principal occupations throughout the nation.

The pay of engineers in private industry increased an average of 2.9 per cent; accountants were up 2.8 per cent; chemists were up 3.6 per cent and clerical employees gained 2.9 per cent.

These figures do not take into consideration the increased net income for individual workers stemming from the federal income tax cut that became effective early in the year.

● 1968?—For politicians, particularly on the losing side of an election, it's never too early to look ahead. The idea is to keep your team together with hopes when immediate performance is no longer possible.

In this vein, the early-early talk about GOP presidential hopefuls centers around two men with a third standing in the wings. The two are George Romney who won re-election as governor of Michigan in the face of a landslide vote for Lyndon Johnson, and Pennsylvania's Gov. William Scranton who, unlike most other liberal Republicans, set aside his personal antipathy for the GOP right wing and campaigned faithfully for party candidates for office from Goldwater on down.

The third man is becoming the perennial bridesmaid of the Republican Party. He is former Vice President Richard M. Nixon. Nixon looked good to all factions of the party during the campaign when he worked mightily for unity. But he damaged his own image with his party's liberals when he took out after New York's Gov. Nelson Rockefeller and a host of liberal GOP leaders immediately after the votes were counted.

Keys to College Entrance

Post War Babies are now ready for college. In every state of the nation the ever-growing boom in college enrollments is not only placing great strain on college facilities and facilities, but is also making competition for entering college keener than ever. U.S. Office of Education figures warn that the present college population of 4,312,000 will grow to more than seven million by 1970.

In 1948, 200 colleges required students to take college board entrance exams. Today, the figure is 800. Unless the student taking these exams places well up near the top, he has little chance of entering the college of his choice, especially his first choice. The latest and most unique tool to help the student prepare for college admission exams is "The Encyclopedia Britannica College Preparatory Series."

Three years in the making, this program helps youngsters prepare for the college entrance exam hurdle, and also aids them in preparing for successful college-level work. This successfully tested program is based on selected readings in the 24-volume Encyclopedia Britannica, and consists of seven study guides and sample college entrance exams. The "Encyclopedia Britannica College Preparatory Series" is published by Encyclopedia Britannica, Inc., 425 N. Michigan Ave., Chicago, Illinois, 60611.

Price Too High For Band Trip

TERRE HAUTE, Ind. UPI — The \$10,000 price tag on a plane trip to Washington and back apparently will keep Indiana State College's 104-piece band from taking part in the inauguration parade for President Johnson Jan. 20th.

The band received an invitation Tuesday but college officials said Wednesday they were not optimistic about raising the money. They said that because mid-year exams begin here Jan. 21 it will be necessary for the band to fly and the money is not available.

Meanwhile, Ball State Teachers College at Muncie accepted a similar invitation for its band.

Viet Turncoats Aid Guerrillas

SAIGON, Viet Nam UPI — Turncoat government soldiers opened the gates to Communist guerrillas who virtually wiped out the sleeping Thien Giau garrison 100 miles northeast of Saigon on Tuesday, investigators reported today.

Government investigators said they found evidence that the Viet Cong raiders had been let in the front gate by traitor soldiers.

Fourteen soldiers were killed including the district chief. Another 40 were wounded and six were missing.

The commander of the South Vietnamese air force denied to-

day that any of his planes had attacked North Vietnamese villages in the demilitarized zone.

Paste silver polish can be used to clean starch from the base of an electric iron.

TEARS OF JOY are shed by 15-year-old Janet Perring of Le Roy, Ill., as her half-ton Aberdeen-Angus, Charger, is named grand champion at the International Live Stock Exposition in Chicago. Charger seems unimpressed by new fame.

PEARL O'HAIR offers in her gift shop, at 208 Spring Ave., an attractive assortment of decorative accessories including imports from India, England, Japan, and Italy. Also see this appealing selection at the Old Trail Inn. We shall be glad to pack for shipping.

America's most beautiful car

Brazil Makes UN Suggestion

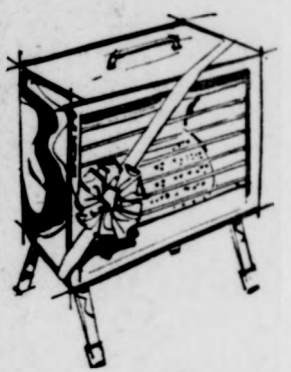

UNITED NATIONS, N. Y. UPI — Brazil suggested today that procedure for peace-keeping operations, including their financing, be written into the charter as part of the basic law of the United Nations.

Brazilian Foreign Minister Vasco Tristao Leitao da Cunha made the suggestion in the opening speech of the General Assembly's annual debate, in which delegation leaders customarily make policy declarations.

With beginning of the debate, first regular business of the assembly's "no-vote" session, Secretary General Thant prepared a new round of negotiations on the political and financial crisis involving Russia's right to vote.

Russia, whose vote is jeopardized by its refusal to pay any part of the \$52.6 million it owes for peace-keeping operations in the Congo and the Middle East, was reported agreed to discuss all aspects of the explosive issue.

PUBLIC SPEAKING WINS 4-H HONORS

Miss Street Butler

Two students at Purdue University have been selected by the Cooperative Extension Service as state winners in their 4-H public speaking program.

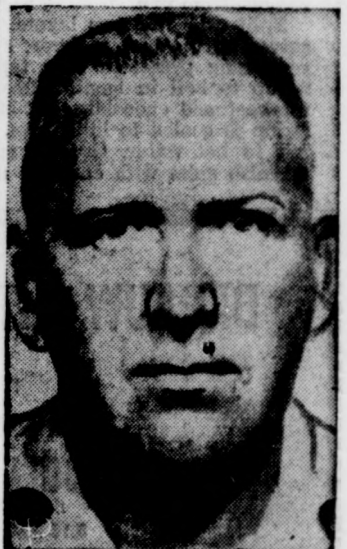

Miss Jamie Street, 17, of Bloomfield, received a chest of silver and Richard Butler, 19, of Elwood, was given a wrist watch by the Pure Oil Company, sponsor of the program.

Miss Street, daughter of Mr. and Mrs. James E. Street, has been a 4-H Club member for the last 10 years. Along with public speaking, she has carried other projects such as home furnishing, electric and garden. She has won grand champion awards in all of these projects.

As part of her public speaking project, Miss Street has delivered 238 talks. She was named Indiana Electric Demonstration winner at the 1963 Indiana State Fair and made this demonstration on film for use in 4-H Clubs throughout the state.

Butler, son of Mr. and Mrs. Ronald Butler, has made a total of 216 talks on 4-H subjects and has made 12 radio appearances. He was named State Fair public speaking winner in 1963.

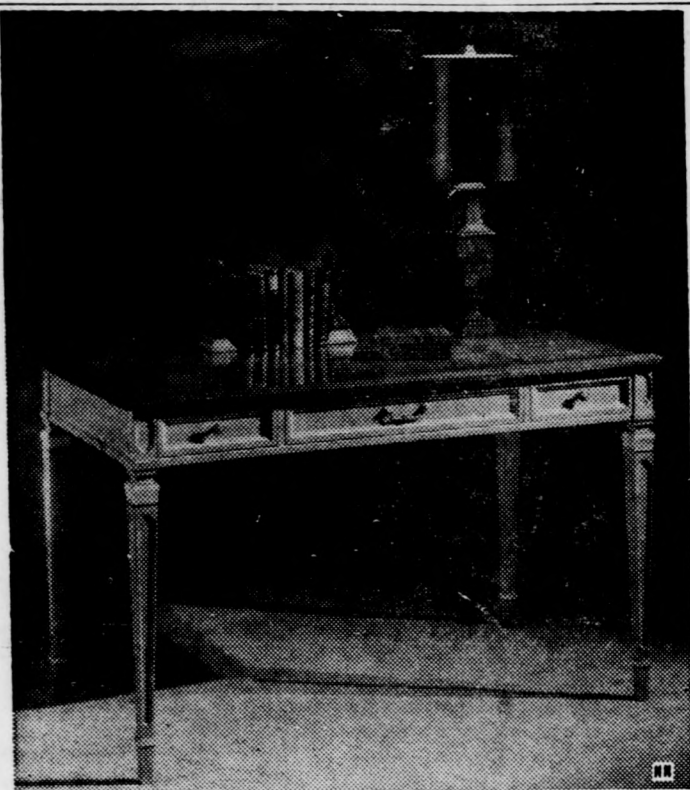

A member of the state 4-H Junior Leader Council, Butler has excelled in other 4-H projects. He is a member of the Collegiate 4-H Club at Purdue and takes an active part in student government at the university.

"CLASSIFIED" — Army Sgt. Robert L. Johnson (above), who disappeared from the Pentagon Oct. 2, where he headed an office in which classified material is received and distributed, is in custody. The Army has announced. He turned himself in to police in Reno, Nev., and was taken to the Presidio in San Francisco.

"WELCOME" — Singer Robert Goulet offers "Welcome Home" to his wife, actress Carol Lawrence, as she arrives with their week-old son, their first, in New York.

This Classic Writing Table comes in a highly distressed Modavanti Classic finished cherry or leather top. Note how beautifully the antiqued brass hardware and carved design highlight your choice of a Modavanti Classic, grey green and white, or antiqued white and gold base.

Sachertorte Is A Viennese Cake

One of the most famous desserts in all the world is Vienna's renowned Sachertorte said to have been created in 1832 by a Viennese cook named Sacher, the same Mr. Sacher who later built the Sacher Hotel. A Sachertorte is a chocolate cake, glazed with apricot and frosted with chocolate. It is quite different from our own American style chocolate cake. To serve, chill thoroughly.

Sachertorte

$\frac{3}{4}$ cup Mazola margarine
1 cup sugar
6 egg yolks
4 ounces unsweetened chocolate, melted
 $\frac{1}{2}$ cup finely ground almonds
1 cup sifted flour
6 egg whites

$\frac{1}{4}$ cup sugar (Filling and Frosting)
 $\frac{1}{4}$ cups apricot preserves
 $\frac{1}{4}$ cup light corn syrup
3 ounces unsweetened chocolate, melted
2 teaspoons hot water
Chopped pistachio nuts (optional)

Cream margarine with 1 cup sugar until light and fluffy. Beat egg yolks until thick and lemon colored, then beat into creamed mixture. Blend in melted chocolate and almonds. Fold in flour. Beat egg whites until thick and frothy, then gradually add $\frac{1}{4}$ cup sugar, beating until soft peaks form when beater is raised. Fold into chocolate mixture. Pour batter into greased and floured 9-inch spring form pan. Bake in a 300 degree F. (slow) oven until cake tests done, 50 to 60 minutes. Cool overnight, then remove from pan.

Split cake into two layers. Spread about $\frac{1}{2}$ cup apricot preserves on top of one layer; stack second layer on top. Spread remaining preserves over top and sides of torte. Bring corn syrup to boil in small saucepan. Remove from heat and add unsweetened chocolate. Let stand until chocolate is melted and syrup is cooled to lukewarm. Blend chocolate and syrup, then stir in hot water. Quickly spread on top and sides of torte. Garnish sides with chopped nuts. Makes 10 to 12 servings.

Knute Rockne Teacher Dies

SOUTH BEND, Ind. UPI — The Rev. Joseph A. Maguire, 93, who was credited with persuading Knute Rockne to remain at the University of Notre Dame after his graduation, died Tuesday night in Holy Cross House on the campus.

Father Maguire was the oldest priest in the Congregation of the Holy Cross, Indiana Province.

He came to Notre Dame as a seminarian 78 years ago and was head of the chemistry department from 1897 to 1920.

Rockne, later Notre Dame's famed football coach, was his pupil, and Father Maguire talked him into staying at the university as a chemistry instructor.

Another of his students was the Rev. Julius A. Nieuwland who is credited with developing the formula for synthetic rubber.

Father Maguire was born in Elythe, Eng. He taught recently as 1953 and after that was active as a counselor and confessor.

Wm. Sebree To Head Committee

INDIANAPOLIS UPI — House speaker-elect Richard Bodine today appointed Rep. William Sebree of Anderson as chairman of the powerful Ways and Means Committee for the

1965 session of the Indiana Legislature. Sebree's appointment confirmed a reported compromise agreement which led to Bodine's choice as speaker at a Democratic caucus earlier this week. Sebree's committee is the most powerful in the House because revenue bills must originate in the House and the Ways and Means Committee is the

gateway for all legislation for the budget committee and other spending measures.

Your Luggage No Longer Tells All

NEW YORK UPI—Once, it was by their luggage the hotel people usually knew them. But no longer.

Victor Giles of New York's Governor Clinton Hotel says luggage no longer is a key to the affluence of its owner.

Now, just about everyone has good-looking matched luggage, said Giles. He figures it's because of "ready availability of luggage at moderate prices" and the increase in travel in general.

But, said Giles, there's always the exception — the eccentric who is well endowed but doesn't believe anything more durable than a cardboard box is necessary for his travels.

PRESS THE BUTTON
WASHINGTON (UPI) — The

aerosol industry produced 1.202 billion units last year, topping the billion unit mark for the second straight year.

So reports the Chemical Specialties Manufacturers Association, which says production of non-aerosols reached a record-breaking 1.135 billion units, up 11.4 per cent.

The growing area of food aerosols increased 6.3 per cent to 67 million units. The year marked the 13th consecutive one in which aerosol production set a record.

SNOOZE WITH COLOR

NEW YORK (UPI) — That phrase "white as a sheet" no longer holds.

Because, one study shows, more and more colors are going into the linen closets. The Vat Dye Institute found that sheets of colors other than white are found in 57 per cent of the U.S. homes. Color preference overwhelmingly is for blue.

The researchers also reported that the average inventory in closets is 14 sheets and 17 pil-

lowcases. However, owners of colored linens have a higher inventory — a total of 34 sheets and pillowcases.

Cable Car Goes Down Mountain

BOLZANO, Italy UPI — A cable railway car crowded with 100 commuters and students jumped the track today, careened down a steep mountain slope and crashed into a vineyard. Three hours after the acci-

dent, the casualty toll was given as three dead and 56 injured, four of them seriously. Of the injured, 36 were hospitalized and the others were given first aid treatment and released.

Romantic Lead

HOLLYWOOD (UPI) — John Ireland will play the romantic lead opposite Joan Crawford in "I Saw What You Did," a new murder thriller from William Castle.

The Daily Banner Greencastle, Indiana
Thursday, December 3, 1964

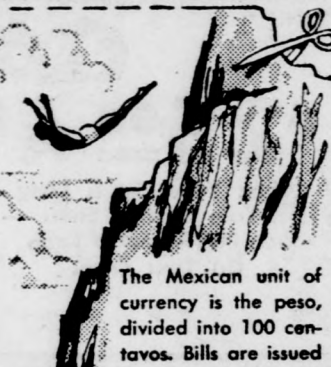

About 40 cents of every food dollar goes for protein items—meat, poultry, fish, eggs, dry beans and peas.

Apples are thought to have come originally from regions near the Caspian and Black Seas. Variety lists of apples are said to have existed as early as 100 B.C.

MONEY 'ROUND THE WORLD

MEXICO

Basking in the southern sun, Mexico is our most immediate Latin neighbor. Mexico City itself reflects the country's infinite variety with modern concrete and glass standing shoulder to shoulder with the weathered palaces of colonial Spain. From bullfights to daredevil diving, from ancient relics to modern highways, Mexico is rich in color and activity.

The Mexican unit of currency is the peso, divided into 100 centavos. Bills are issued in 1, 5, 10, 20, 50, 100, 500 and 1,000 peso denominations. Coins are in 1, 5, 10, 20, 25 and 50 centavos, and one and five silver pesos. There are 12.5 pesos to \$1 U.S., a peso being worth about eight cents.

When traveling in Mexico, remember that the \$ sign means pesos, there, not dollars. The best way of overcoming currency problems while traveling is by using First National City Travelers Checks. They can be bought and cashed almost anywhere in the world.

CUT OUT AND SAVE FOR YOUR TRAVELS

GOLF ODDITIES

By JOE BLACK, PGA Tournament Supervisor

A cook and a butler played in the recent San Diego Open—pro golfers John Cook and Peter Butler.

In the past five years of play on the pro tour, there has been an average of 19 holes-in-one each year. But, during the four years of play in the Haig & Haig Scotch Mixed Foursome Championships at Sebring, Fla., not one male golfer scored a hole-in-one. However, two girls—Gloria Armstrong and Joanne Prentice—did.

DPU Wrestlers Lose To Indiana Central Team

Four DePauw University wrestlers grabbed decisions or pins in eight matches with Indiana Central here yesterday, but the seasoned Greyhounds squeaked out more points and won, 16-14.

Sophomore Roger Davis claimed DePauw's only pin in the season opener. Davies picked up five points in the 123-pound division by pinning Roger Harris in a time of 4:13.

Central got two pins in the action. Larry McCloud settled John Wright in 5:34 in the 137-pound class and captain Sky Huck was upset in his specialty, the 157-pound category, by Tim Giles.

Huck's loss was particularly bitter for it came after he had worked up a 3-0 advantage when Giles suddenly ended the match at the 5:10 mark with his pin.

The remaining five contests were determined by decisions. DePauw collected three points each for John Ferguson's 7-5 decision of John Pains at 130, Mike Maeder edged Dick Beeson 3-2 at 147, and Ralph Larsen, who could have tied the final score with a pin, was forced to settle for a 4-3 decision over Maurice Barnes, Central heavyweight.

Central added three points on Dale Sidebottom's 5-3 decision of Steve Nice, and Herb Lepper outpointed Fred Wendelboe at 17 by the same count.

The Tigers face Miami University of Ohio Friday in Oxford, then go to Decatur, Ill., Dec. 15 to wrestle Millikin. Next home action comes Jan. 7 at 7 p. m. against Hanover.

AAU Come Up With New Plan

HOUSTON UPI — The AAU has come up with a plan to keep U. S. athletes in better shape for the Olympic Games. The group announced Wednesday it has approved an idea for a triple track meet between the United States and teams from Poland and Germany.

"The old habit of letting down after the Olympics and then coming up frantically in the last year is not a good way of keeping the U. S. on top," executive director Don Hull said. Hull explained that the Poland-Germany-U. S. meet would help keep American athletes ready for the Olympic Games. Only the details remain to be worked out, he said.

In other business, the AAU decided that the "peace meeting" in Chicago Dec. 16 with the U. S. Track and Field Federation might not be such a good idea after all.

Hull said each group appears to want the talks to be on its own terms.

Buckeyes Open Season Strong

By United Press International
Jerry Lucas graduated but Ohio State found Gary Bradds and now that the 6-foot-9 Bradds is also gone, Coach Fred Taylor has come up with a promising array of sophomores talent to help the Buckeyes pick up where they left off last season.

Big Ten rivals hoped the loss of Bradds and three other starters would seriously reduce the Buckeyes' effectiveness, but there was little sign of that Wednesday night when they opened their campaign with a convincing 86-54 triumph over South Dakota.

Leading the parade of impressive sophomores unveiled by Taylor was six-foot guard Al Peters, who led all scorers with 19 points. South Dakota was never able to mount a serious threat against the well-balanced Buckeye attack. Ohio State led 44-26 at the half after hitting 25 per cent from the field.

Clarke Breaks World's Record

MELBOURNE, Australia UPI — Australian Ron Clarke broke the world three mile record today when he ran the distance in 13:07.6 at Olympic Park.

He shattered the old record of 13:10.0 held by New Zealander Murray Halberg set in Stockholm in July 1961.

Pettit Back In Business

By United Press International
Now that Bob Pettit is back in business for St. Louis, the National Western Division race is getting tighter.

The brilliant Hawk forward returned to action Wednesday night after missing four games with a muscle tear. He proved to be the difference as the Hawks nipped Los Angeles, 105-102, to close to within 2½ games of the division-leading Lakers.

Giardello Will Revert To Slugging

PHILADELPHIA UPI — Middleweight champion Joey Giardello said today he plans to revert to his old "slugging" style when he meets Rubin Hurricane Carter in a title bout here Dec. 14.

The 34-year-old South Philadelphia, a cagey veteran who has spent half his life in the ring, said Carter, also of Philadelphia, has forced him to change style from counter-puncher to slugger.

"Carter's a knockout artist, which I am not," Giardello said. "But I'll be on my feet at the end of 15 rounds, and I'm sure Carter won't."

Oilers Sign Larry Elkins

By United Press International
The Houston Oilers accomplished one of the primary objectives of their 1964 draft campaign Wednesday by signing end Larry Elkins to a contract and rejoining one of college football's most potent duets in the pro ranks.

Elkins, who was the Oilers No. 1 draft choice in the American Football League's player draft last Saturday and Houston quarterback Don Trull comprised a devastating pass-catch combination when teammates at Baylor.

Trull was drafted by the Oilers last year and has served his rookie season with Houston as the back-up signal-caller for veteran George Blanda.

But when Trull and Elkins are reunited once again next season in Oiler uniforms, Coach Sammy Baugh is hoping for a gusher of passing yardage.

The 6-foot-1 187-pound Elkins, who set a bevy of Southwestern Conference records while at Baylor, was also the first round draft pick of the Green Bay Packers in the National Football League.

Braves May Release It's Milw. Board Members

MILWAUKEE UPI — The Milwaukee Braves' next step in their planned move to Atlanta in 1966 probably will be to rid themselves of the seven Wisconsin members of their board of directors.

The Braves said Wednesday their second annual public stockholders meeting will be Dec. 11 at Chicago. The announcement listed as the main order of business an amendment of the bylaws of Milwaukee Braves Inc., to reduce the number of directors from 21 to 14.

One of the directors expecting to be ousted is Duane Bowman, who runs a Madison dairy and is one of seven Wisconsin directors.

"It looks like the cards are stacked," Bowman said Wednesday. "I can't see any other reason for cutting down the size if the board except to get rid of us."

Bowman was one of six directors who voted against the Braves moving to Atlanta at a board meeting in October. The vote favoring the move was 13-6 with one director missing from each faction.

The other Wisconsin directors are Edmund Fitzgerald, Milwaukee industrialist; Joseph Simpson and Edward Puercher, Milwaukee bankers; Carlton Wilson, Milwaukee stockbroker; Daniel Parker, Janesville manufacturer, and Vince Lombardi of the Green Bay Packers. Lombardi did not attend the October meeting.

Bowman said the seven directors own only a relatively small amount of Braves stock—"just what they wanted us to have to be directors, I guess."

Michigan Is Top Bet For Rose Bowl

NEW YORK UPI — In three previous Rose Bowl appearances Michigan has outscored its opponents 112-6 and, although the odds-makers may not have taken this into great consideration, they nevertheless established the Wolverines as 11 point favorites to beat Oregon State on New Year's Day.

In other major bowl games the nation's No. 1 team, Alabama, was picked by 6 over last year's national champion Texas in the Orange Bowl. Louisiana State is favored by 6 over Syracuse in the Sugar Bowl and Arkansas, No. 2 team in the nation, is rated 6 points over Nebraska in the Cotton Bowl.

Oklahoma travels to sunny Florida for the Gator Bowl and the odds-makers favor local Florida State by 3. In the Sun Bowl Georgia is 5 over Texas Tech and Mississippi is picked by 13 over Tulsa in the Bluebonnet Bowl despite the presence of Jerry Rhyme.

In the only major college

games left on the regular schedule, LSU is a 6 point favorite over Florida and Ole Miss is 11 over rival Mississippi State.

On the pro scene this weekend in the NFL, Cleveland is 3 over St. Louis, San Francisco is 3 over Los Angeles, Philadelphia is 4 over Dallas, Minnesota is 7 over New York, Green Bay is 7 over Chicago, Washington is 8 over Pittsburgh, and Baltimore is a 9-point favorite over Detroit.

Kaanapali Golf Warm-Ups Start

KAANAPALI, Maui, Hawaii, UPI — It was Arnold Palmer and Jack Nicklaus against the world today when Uncle Sam's "gold dust twins" started matching strokes against 66 other top-notch international golfers in the 12th annual Canada Cup matches.

Sport fans in this 50th and newest state of the United States—most of them avid bettors—installed the Yanks as heavy favorites to earn their country the team title for the fifth straight year.

They were just as certain that when the final round of this annual 72-hole tournament is completed Sunday that either Nicklaus or Palmer will wind up with the International Trophy for individual low score.

Nicklaus won the individual title last year at Paris and paired with Paumer to give the U. S. the team championship for the sixth time in 11 previous editions of the international tournament.

Oddly, Palmer never captured the individual crown in four earlier appearances in Canada Cup play. However, the way the Pennsylvania musclemen carved up the Royal Kaanapali golf course in a pro-amateur warm-up round Wednesday, this could be the year that he breaks this jinx.

Perseverance Is Paying Off

By United Press International
Perseverance is paying off for the New York Rangers.

The payoff was a 3-3 deadlock with the Chicago Black Hawks Wednesday night which, while it doesn't seem like much, moved them into a tie for third place with the Montreal Canadiens in the National Hockey League.

The Rangers had to rally from a one goal deficit in each period with the final, tying goal coming with 3:08 remaining in the game off the stick of rookie Lou Angotti. It was his first goal in his last 17 games.

YOUR STREET - INVITATION TO CRIME?

Much more serious than the population explosion is the crime explosion in the United States. In the past five years crime has increased at a rate five times greater than the population growth!

There are an average of four serious crimes every minute of every day, 365 days a year. And one culprit — darkness — plays a major role in more than half of all serious crimes and in a large percentage of traffic deaths.

To a large extent this is because only two per cent of the residential streets in the U.S. are well enough illuminated to meet even minimum American standard practices for street and highway lighting. The remaining 98 per cent of our streets are breeding grounds for tragedy.

To help communities determine if lighting in a given area is useful in preventing crime and accidents, the Street and Highway Safety Lighting Bureau has

established five check-points. See how the lighting in your neighborhood measures up.

- (1) Are the fixtures hanging about 30 feet above the roadway — or at least no lower than 20 feet?
- (2) Are the lights spaced to eliminate dark areas and harsh shadows?
- (3) Does the fixture direct the light downward?
- (4) Does the street light illuminate just the street, sidewalk and lawns, without shining into house windows?
- (5) Is the lighting on the road and sidewalks fairly even and uniform, without there being a "puddle of light" under each pole?

If you can answer "yes" to all these questions, then the Street and Highway Safety Lighting Bureau would probably say the streets are safe. If the answers are "no," then chances are the lighting is inadequate or out of date and an invitation to crime and serious traffic accidents.

7 New Coaches On 64-65 Board

NEW YORK UPI — Seven new coaches will serve on the 1964-65 United Press International coaches rating board which will begin rating the nation's small college basketball teams for UPI clients after games of Saturday, Dec. 5.

The board, as usual, will be made up of 35 coaches, five from each of the seven geographical sections of the country. The board has been rating the country's small college teams since the 1957-58 season and its rankings are generally recognized as the most authoritative in the field.

Shea Nominated As Commissioner

NEW YORK UPI — William S. Shea, the Manhattan attorney who was largely responsible for the return of National League baseball to New York, today was nominated for commissioner of baseball by the nation's largest newspaper.

In an editorial, the New York Daily News cited Shea's accomplishment in the interest of baseball, and also noted he "has the guts to tell off ball club owners when they need telling off, as the fearsome Judge Kenesaw Landis used to do."

Six Persons Shot To Death

DETROIT UPI — Police said today six persons, including four children, were shot to death and a seventh critically wounded at a Detroit home on the far east side.

They said the only one still alive in the home was a three-year-old child and "he is not expected to live."

All were shot in the head.

Pennsy Freight Train In Wreck

LOGANSPOUT UPI — Eight cars of a Pennsylvania Railroad freight train derailed on the west edge of this city Wednesday night.

Railroad officials determined a brake beam broke loose on the 61st car and lodged in a switch. That car derailed and so did the following 7 cars.

Among the losses were an estimated \$3,000 damage to railroad property and five carloads of silica sand.

Trainmaster John Ennis said the track would be back in use by afternoon. Until then trains enroute to Indianapolis were rerouted over the South Bend division around Logansport.

Old Opry Star Hurt In Crash

PRINCETON UPI — Warner McPherson, 29, Nashville, Tenn., an entertainer who appears under the name of Warner Mack, is recovering in Gibson General Hospital from injuries suffered Sunday night in a traffic accident.

McPherson, who appears frequently with the Grand Old Opry troupe and has written and recorded Western music, was reported in satisfactory condition. A car in which he and his wife, Peggy, were riding rammed into the rear of another car during a snowstorm on U. S. 41 about a mile south of Princeton.

Mrs. McPherson was injured slightly but was released from the hospital after an overnight stay. Robert L. Moore, R.R. 8, Evansville, driver of the other car, was not injured.

Authorities said Moore's car ran off the road due to poor visibility and stalled when Moore drove it back into the highway. McPherson suffered multiple contusions, abrasions and possible internal injuries.

Heavy Snow In North Indiana

By United Press International

Snow, drizzle, rain and fog plagued Indiana today and a wet blanket of white from 6 to 7 inches deep lay across the entire northern third of the state.

Rain changing from one to nearly two inches in depth fell across the southern third of the state and ended a four-month drought which created autumn fire hazards in the forests and woodlands.

The state's midsection received a mixture of precipitation. Two inches of snow fell in the northern part of the central area, and one-half inch or so of rain in the southern portion.

Early-morning snow measurements included 7 inches at South Bend and 6 at Fort Wayne, Peru, Wabash and Bluffton.

The snow began falling over the upstate area in the early afternoon and continued through the night. It was still snowing after dawn at Fort Wayne.

Snow accumulations of 1 to 3 inches had been predicted for the Indianapolis area, but temperatures fooled the forecasters by staying just above freezing so that rain fell instead of snow.

Hazardous driving conditions prevailed over a broad area upstate. Near Marion, Grant County authorities investigated more than 25 accidents in a 10-hour period.

Plenty Of Talent

CANON CITY, Colo. UPI—Democratic state Rep. Star Caywood, locked himself out of his car at the state penitentiary Wednesday.

An inmate from the prison's medium security section took only a few minutes to open a window of Caywood's car and hand him the keys.

"We have all kinds of talent here," a guard said.

Goose May Switch

MILWAUKEE, Wis. UPI—Roger, a goose with a taste for beer, may have to switch to scotch.

The goose acquired a taste for beer from his master, Edward Davis, who rented him Wednesday to Harold Rose, to promote the movie, "Father Goose."

"This goose will drink what I drink," said Rose. He also said he drinks only scotch.

FIND EACH OTHER — U.S. Army Capt. John Williams, 37, looks through a family album as brother Harry, 35, from whom he was separated at an early age, looks on in Fresno, Calif. They lived only 20 miles apart in Chester County, Pa., but did not know of each other's existence until 12 years ago, and this is their first reunion.
